

## 1. Eligibility and requirements

1.1 Only Veterans of the Falklands Conflict who hold the South Atlantic Medal [SAM] are eligible to use the Concessionary Flight Scheme.

1.2 The pilgrimage scheme has the objective of getting as many individual medal holders and some close dependents back to the Falkland Islands as transport and accommodation will allow. There is no practical solution for visits to South Georgia or the South Sandwich Islands.

1.3 The scheme runs on the basis that the MoD is keen to use up spare capacity in their flights to the Falkland Islands on a concessionary fare basis. Clearly, highest priority for the use of these flights are for essential purposes of MoD business and the security of the islands. You may be aware that at times the aircraft flies with empty seats and for a very good reason. Where additional cargos are required, the all-up weight of the aircraft is controlled by carrying fewer passengers. Further, the aircraft must carry sufficient fuel to reach a reliable diversion airfield should the Mount Pleasant facility become unusable. This means that the management of the flights is complex and prone to last minute adjustments.

1.4 It is important that the process of application, selection, and travel, is used to best effect, giving remedial and therapeutic priorities. These cases need a helping hand to achieve a visit that may be judged to help those who suffer from PTSD or stress. Such applicants often require extra encouragement with their application, strengthening in their resolve to face their demons and the easing of the pathway towards achieving their visit.

1.5 It is also important to share out the opportunity to visit the islands for the purpose of remembrance. Regular repeat visits are discouraged except by group leaders who offer a well-planned, well managed programme of experiences to match the requirements of their group members. SAMA 82 will be looking for evidence of such planning and reports on the success or otherwise of the group system. So far, the number of willing pilgrims always exceeds the available flights, and many have experienced last minute disappointment.

1.6 Please give a thought for those who have never visited before, and those whose mental plight may be eased by such a major step as visiting the islands.

**1.7 You must have full worldwide travel, medical and repatriation insurance which also covers you for emergency medical treatment in another country, ie Chile, that cannot be obtained in the FI and it also covers all pre-existing medical conditions you may have.** Medical facilities are limited on the FI and it may be necessary to medically evacuate you in the case of serious illness or injury. The current cost of medical evacuation is in excess of £30,000. It is therefore very important that you obtain worldwide travel insurance for the duration of your stay and it is advisable to extend the period of insurance for at least one week past your planned arrival back in the UK. This is because your aircraft may have to divert to another country on route back to the UK. **It is the individual's responsibility to ensure that the correct travel/medical insurance is in place**

**1.8 You cannot apply for a SAMA 82 concessionary flight more than 6 months prior to departure date. Confirmation will be sent out by email in the form of a Passenger Information Itinerary and will confirm the flight and act as your ticket. Please Note: This may only be issued 1 week prior to your flight date.**

1.9 If you wish to travel with a member of your family/partner, you will need to book their full fare paying seat via the Falkland Island Government Office (FIGO) in London. It would also be prudent to mention that they are flying with a Veteran who has applied for a Concessionary Flight. **For ease, the FIGO's details are as follows:** Email: [travel@falklands.gov.fk](mailto:travel@falklands.gov.fk), Tel No: 020 7222 2542.

## 2. Flight information

Following a stop to refuel and drop off or collect more passengers (approx 2hrs) you will travel for a further 9hrs to reach MPA.

**2.2 Flight times given are approximate. Accurate flight times will be on the flight ticket and displaying on Brize Norton passenger information.**

The MoD cannot accept excess baggage at check-in, all passengers **MUST request excess baggage with SAMA 82 prior to your departure date.** This request will need to be approved by the MoD before departure, so please put your request in with enough time for the MoD to respond to avoid disappointment.

Norton passenger information page. The nearest railway stations to RAF Brize Norton are Oxford and Swindon. Visit <https://www.nationalrail.co.uk/>

2.7 The aircraft may have to divert to another country due to weather conditions, or if the aircraft was to become unserviceable. It is also possible that a return flight might not be available and you may need to return on a commercial flight. For that reason passengers without a valid UK passport will not be allowed to fly.

2.8 The flight is operated by the RAF but just like a civilian long haul flight. All meals, soft drinks and in-flight entertainment are included in the ticket price. However, all military flights are 'dry'. Anyone attempting to check in for a flight under the influence of alcohol will be turned away. RAF Brize Norton is a smoke and vape free station.
